

APAITO 2018

Asia-Pacific Association of Image-guided Therapy in Oncology

22-24 June Hong Kong

Invitation message from the Chairman of Organizing Committee to participants:

Dear colleagues and friends,

It gives me great pleasure to invite you to participate in APAITO 2018, the 3rd Scientific Meeting of Asia-Pacific Association of Image Guided Therapy in Oncology, that is going to be held in Hong Kong from 22nd to 24th of June.

Image guided therapy is known as the 4th pillar of cancer therapy. Advances in treatment could be life changing for cancer patients. APAITO 2018 is an international conference where introduction of new treatment concepts and technologies of image guided therapy, interchange of experiences and ideas, and building up of collaborative relationships can take place.

Through lectures by esteemed speakers and video demonstrations by masters of the art, a highly selective program designed by a distinguished Scientific Committee will be delivered to cover from concepts to technical know-hows of various treatment approaches and techniques.

I invite you to mark your diary and register for APAITO 2018. Looking forward to meeting you.

Professor Simon Yu

Chairman of Organizing Committee
